

# HCMS16x16BWRGB10

## Features

- Low Reflectance Display Technology
- Solar Power supported
- Eco-friendly Energy Efficiency
- LED Activation Option
- Fully IP65 Protection
- Ultra-Low Power Consumption
- Supports animation

Specifications	
Power	DC 5V
Dimension(mm)	160x160x50 (W/O chassis)
Color	Black&White
Light color/Brightness	RGB/ 2000nits
Matrix Pitch	10mm
Refresh	10~30 fps
Network	Optional Wi-Fi
Front Protection	Glass
Temperature	-15°C~50°C
Humidity	10~90 %
Software	Built-in Player and Optional RS-CMS, API
Support File Format	JPG, PNG, BMP, GIF
